

BRIAN LEVY
DESIGNER

UX • UI • INTERACTION

HELLO

I am a designer specializing in UI, UX, and Interaction Design. Curious by nature, I love digging in to understand and solve tough problems to make software products more usable, understandable, and enjoyable to use.

EXPERIENCE

Senior UX Designer

AIM CONSULTING
2017

Microsoft, Cloud Engineering Services

Interaction and visual design for internal tools helping communications and support managers respond to outages and customer support requests.

Senior UX Designer

FILTER
2006-2017

TEAMS AND PROJECTS

T-Mobile Digits

Developed interaction and visual design for a mobile app for iOS and Android. Created user flows, design comps, and production assets.

Microsoft, Enterprise Commerce

Led the interaction and UI design for Microsoft's customer and partner volume licensing sites. Developed HTML prototypes for proofs of concept and design validation. Led design presentations and critiques. Developed and maintained pattern library and style guide.

MSN Publishing Tools

Redesigned and simplified a suite of web based tools making it easier for Editors and Producers to publish content to MSN sites.

Microsoft, Startup Business Group

Developed the concept, interaction models and visual design for both a notebook and a painting application for pen and touch devices.

Product Designer

INFOSPACE
2007-2009

Led the design of a meta-search engine and a user configurable portal product. Responsible for interaction design, information architecture, visual design, prototyping and asset production.

Senior Designer

THE COBALT GROUP
1999-2005

Led the design of various interactive projects including consumer facing websites, web-based applications, and interactive marketing efforts. Clients included Daimler Chrysler, General Motors, Lexus, Volkswagen, Kia, and AutoNation.

EDUCATION & TRAINING

Art Institute of Seattle

Associate of Applied Arts, Visual Communication, 1995

Cooper U.

Interaction Design Practicum, 2008

KEY SKILLS
